

Welcome to Temple Shadows!

Garbage and Recycling Days are on Thursday. (Garbage each week, Recycling twice a month)

Landscaping day is Thursday.

To get a four-digit code for guests to open Front Gate, please contact Laureen Curtis (801 376-6535). Also call Laureen to request having the gate left open late for a special occasion. (Please give 2-3 days' notice)

To program a remote for your car to open the gate, please contact Ryan Best (801 695-0000)

To schedule the clubhouse call or text Sharon Reis at 805-208-1234. The cost for renting the clubhouse is \$50 per event, plus any cleaning charges. The pool may not be used as part of your clubhouse activity.

If you want to make any changes to the exterior of your home (door color, landscaping etc.) you must receive approval from the HOA board. You can contact Kevin Curtis to get on the next board meeting agenda to present your proposal.

If you are interested in solar panels on your home, please read through the policy in your binder and fill out the required form. This must be approved by the HOA Board before any work is done.

The speed limit in Temple Shadows is always 15 mph.

Guests should only park in your driveway or in guest parking on either side of the clubhouse. Parking on the street is not permitted.

Our pool is a neighborhood pool, not a community pool. Guests should be limited to your children and grandchildren only and must always be accompanied by you. Entrance to the pool is only through the side gate and never through the clubhouse.

Your club house key is a master key that works for the emergency gate, swimming pool gate and restroom.

If you have a concern about any plants or landscaping around your home, please do not speak to hired contractors directly. Please direct all concerns about landscaping or sprinklers to a board member.

To set up automatic payments for your HOA fees, please call Rich or Corey at 801-375-6719. They will give you instructions on how to set this up.

Please review policies in your binder concerning driveways, sidewalks, and solar energy panels.
